

IFRS: GLOBAL RULES & LOCAL USE – BEYOND THE NUMBERS

8th International Scientific Conference

Third Call for Papers

DATE: 8–9 October 2020

VENUE: ONLINE

Important announcement: With respect to COVID-19 restrictions and related uncertainty, the organizers decided to move the conference fully online.

The review process will remain unchanged and the presentations, including keynote lectures, will be streamed online. We all regret this forced change and we will return to the usual format in 2021.

Reflecting the limited scope of the accompanying activities and experience, we introduce a 50% discount for all authors.

For conference contributions and proceedings (see the deadlines below) contact the publishing house: globalrules2020@mup.cz

ORGANIZERS

Department of International Business at **Metropolitan University Prague** and School of Business Administration at **Anglo-American University**

ABOUT THE CONFERENCE

Metropolitan University Prague and Anglo-American University concluded an agreement on joint organization of the regular annual scientific conference IFRS: Global Rules and Local Use, with a subtitle Beyond the Numbers. The 7th annual conference was held from 10 to 11 October 2019 on the premises of Metropolitan University Prague, the current 8th annual conference will be held online from 8 to 9 October 2020.

Scholars, students and interested public wishing to know more about bridging the gap between international accounting rules (IFRS) and local applications are invited to share their knowledge and experience at this event, organised by Metropolitan University Prague and the Anglo-American University, Prague. Issues to be discussed involve finance, accounting, and management.

With the current trend towards accounting harmonization, the aim of this conference is to focus on specific accounting differences and what lies behind them, as well as topics related to international trade. Topics should be researched both theoretically and practically, focusing on practices in emerging markets and transitional economies.

RESPECTED PERSONALITIES WHO ACCEPTED THE ROLE OF KEYNOTE SPEAKERS:

Professor David Alexander, University of Birmingham, U.K.

Professor Emeritus David Alexander is a leading theorist of accounting and financial reporting focused on methodology, classification IFRS, cultural differences and practical application of IFRS in an international context. In addition, David is the author of several key textbooks in the field, both solely and in a team.

Professor Anne Jeny, ESSEC Business School

Anne Jeny is Professor of Accounting at the ESSEC Business School. Her fields of expertise are in financial accounting, financial analysis, value creation and firms' valuation, with a specific expertise on intangible assets and digital transformation.
